

CHANGES IN PRESIDENT'S CABINET--SHAW AND ROOT ARE TO RETIRE

BRITISH GENERAL IS RETIRED VETERAN OF BOER WAR LEAVES ARMY, DECORATED FOR BRAVERY

(By Associated Press.)
London, Oct. 23.—Sir Redvers Buller, a veteran of many wars, has been placed upon the retired list. General Buller joined the British army in 1858 as ensign in the 60th Rifles. He served through the Chinese campaign of 1860, and was with the Red River expedition in 1870. In 1879 he was decorated with the Victoria Cross for gallant conduct in saving the lives of two officers and a trooper during the retreat at Imbabwe during the Zulu war. He came most prominently before the public at the time of the Boer war

when he succeeded in relieving Lady Smith after it had been beleaguered for 118 days. He was later superseded in command by Lord Roberts. His military reputation was ruined by the publication of a document wherein it was shown that he advised General White to give up the defense of Lady Smith and surrender to the Boer army. Prior to this time his record as a soldier was unimpeachable. He was created K. C. M. G. in 1882, and in 1885 received the coveted title K. C. B. General Buller is 67 years of age, being born in 1839.

FIRST MEMBER OF THE HEBREW FAITH SELECTED FOR THE CABINET

(By Associated Press.)
Washington, D. C., Oct. 23.—The following official statement regarding prospective changes in the President's official family was made tonight: George B. Cortelyou, present Postmaster General, to be Secretary of the Treasury, vice Leslie M. Shaw; George Von L. Meyer, Postmaster General, Attorney General; Charles J. Boneparte, Secretary of the Navy; castioned over the appointment of Victor H. Metcalf and Oscar S. Strauss, Secretary of Commerce and Labor.
It is expected that Attorney General Moody will retire January 1st, and Secretary Shaw on March 4th. Considerable surprise has been occasioned over the appointment of Strauss as it will be the first case in the history of the country that a member of the Hebrew faith has been in the Presidential Cabinet.
Mr. Meyer is the American ambassador to Russia, and is a native of Massachusetts and prominent public man.
It has, for sometime past, been obvious that Secretary Shaw was ambitious to secure the presidential nomination on the Republican ticket in 1908, and his action in resigning from Roosevelt's Cabinet has, no doubt, been prompted by this fact, in order that he might be entirely free.

BRYAN PREDICTS DEMOCRATIC CONGRESSIONAL VICTORY IN A LETTER TO CHAIRMAN GRIGGS

(By Associated Press.)
Washington, D. C., Oct. 23.—In a letter to Chairman Griggs explaining why it was impossible for him to make a visit to Cythiana, William Jennings Bryan, incidentally predicted the complexion of the next house of Representatives. He says: "Indications are that we will have the next congress, and the Democratic house can send to the senate remedial measures and join issues with the Republicans if they refuse to adopt them. Republican leaders are so under the influence of predatory wealth that they will not support the President when he attempts to follow Democratic advice and secure some reforms. His political associates are all the time throwing obstacles in his way. The best way to support the President is to elect Democrats in the place of Republicans. Records show that the Democrats supported him better than did the Republicans."

REDUCE NUMBER OF SALOONS

(By Associated Press.)
Vallejo, Oct. 23.—In reply to the letter written by Secretary of the Navy Boneparte, Mayor Madigan, of this city wired him today that drastic steps would be taken to improve the moral tone of the municipality and that a strong effort would be made to reduce the number of saloons. Owing to the demoralizing conditions existing, Secretary Boneparte advised Mayor Madigan that unless matters were remedied the warships of the navy would not touch at this port.

STORM ENDING SNOW CEASED

(By Associated Press.)
Denver, October 23.—Snow ceased falling here today and the prospects are very bright for the ending of the blizzard which has been raging for the last four days over the eastern portion of Colorado. The weather bureau report that it is the worst storm that has ever before visited the State at this season of the year. In places snow has fallen to the depth of four feet and traffic is badly hampered.

SCORES HEARST'S CORPORATIONS

HUGHES IN SPEECH STATES
THAT HE IS AWAITING
REPLY TO QUESTIONS

(By Associated Press.)
Elmira, Oct. 23.—The gubernatorial campaign is being carried on in this State with untiring energy. Hughes visited the "lower tiers" of the state today speaking in many places.
He delivered a speech tonight at the opera house here before an audience that taxed the capacity of the theatre, and was cheered most enthusiastically. He expressed himself clearly on trusts or "unfair combinations" declaring that he believed in the policy that would make it impossible for secret agreements to exist by which independent competitors might be put down. He called his audiences' attention to the workings of the so called "Hearst corporations" and said he was patiently waiting for specific replies to the questions he had asked concerning them.

ANNA HELD WAS ROBBED

SATCHEL CONTAINING JEWELS
AND MONEY TAKEN FROM
STATE ROOM

(By Associated Press.)
Cleveland, Ohio, Oct. 23.—The police are trying to discover the whereabouts of the diamonds and jewels valued at one hundred and sixty-one thousand dollars (\$161,000) which Anna Held, the actress has reported stolen from her on the train coming here on Monday morning. She said that the theft occurred while she and her husband, Florence Ziegfeld, Jr., temporarily left the state room. The jewels were in a hand satchel with six thousand dollars in cash. The police were first incredulous, but later Chief Kohler said that he was convinced that the robbery was committed. Miss Held has the description of two men who were on the train and whom she believes followed her on the train. The police report that they have traced the men to Baltimore.

SAN FRANCISCO CONFLAGRATION

BUSINESS SECTION SAVED BY
ABSENCE OF WIND, FIVE
BUILDING DESTROYED

(By Associated Press.)
San Francisco, Oct. 23.—Fire broke out tonight and for a time threatened the entire destruction of new Van Ness Avenue. Only the absence of wind prevented a serious conflagration and the wiping out of the frame buildings erected along this thoroughfare since the earthquake and fire of April 18th. The fire originated in the rear of the building occupied by the Electric Sign Company on Van Ness Avenue and spread to a vacant building adjoining. The Pera saloon went next, and the photographic plant of R. J. Waters was reduced to ashes. By superhuman efforts the firemen held the flames in check at this point, and after a hard fight, which lasted a couple of hours, the flames were checked. The loss is estimated at \$30,000.

GAS PLANT PROGRESSING

SERVICE BY JANUARY FIRST--
NEWEST METHOD OF GEN-
ERATION EMPLOYED

The illuminating gas plant being erected by the Nevada Gas Company is rapidly progressing and by January 1st the citizens of Tonopah should be able to light their homes by gas.
Already the four storage tanks are in place and the holder nearly completed. The generator is going up rapidly as well as the washer and scrubber. For the purifiers the foundations only have been laid.
The gas will be generated by means of the crude oil process.
The generator will be lined with fire bricks which will be heated to a white heat by oil and air forced through by steam. After the proper temperature is acquired this supply of oil and air will be burned off and through another pipe will be forced crude oil. The lining of the generator will be checked, thereby breaking the oil into oil and gases. These parts will pass into the scrubber and the impurities separated. Then passing into the washer as a further safeguard against impurities. The lamp black which is the principal by-product is run off and subsequently mixed with oil and used for fuel for running engine.
From the washer it passes to a condenser and the moisture removed from the gas. It then passes on to the holder and from the holder to the purifiers where the sulphur is removed by passing the gas through a mixture of oxide of iron, lime and saw dust. It is then pumped to the storage tanks and stored under 50 pounds pressure.
Before entering the distributing mains the pressure is reduced to 20 pounds by means of regulators and a further reduction made at the house to the usual lighting pressure.
It is the intention of the Company to so place its mains that every body in town can use gas if they so desire.
The capacity of the plant is 11,000 cubic feet. The construction work is being done by the California Light and Fuel Company under the personal direction of S. C. Lowe.
Prominent San Francisco men are back of the deal.
This style of gas has been used very extensively in California and has met with remarkable success.

GREAT BELLHELEN.

A. E. Dart and A. D. Renfro were visitors to the Bellhelen mining district a few days ago, and in speaking of the property Mr. Dart said: "Although we have thirteen claims I only had the time to cover six, and in covering these six I had to go at a hop, skip and a jump pace; but even so, I saw enough to satisfy me that we have some of the most valuable located claims in this district."
"The Alabamas numbering from 1 to 8, and the Albrights numbering from 1 to 2 adjoin the valuable Horseshoe group and being in a direct line of the trend of their ledge proves to us that with a little development work we can show values that will surprise the natives."
"The three Scorpion claims adjoin the Lawrence property, and a well defined ledge crops out from which good assays have been taken. We now have a force of men doing the assessment work."
"The following named persons are interested in the property: J. L. S. Sneed, J. Frank Adams, A. D. Renfro, A. E. Dart, Myron Champion, E. R. Klumpt and J. J. Klumpt."

GROUP SOLD AT WHITE MOUNTAIN

The purchase has just been made by W. Nelson and J. J. McSorley of a large group of claims, 14 in number, situated in the White Mountain district, Inyo County, California, about twenty miles east of Bishop. The ground will be developed by the White Mountain Gold, Silver and Lead Mining Company which was recently organized. Mr. McSorley is now in San Francisco arranging for the necessary machinery. A number of California people have invested about \$25,000 in the property to carry on the preliminary work. Two shafts are down about 150 feet and a tunnel will be run to catch the ledge which is 8 feet wide, and assays its full width 25 per cent. lead and 100 ounces in silver. Mr. McSorley says that the property has the best showing in the state. S. P. Roberts was the seller of the claim.

COPPER DEAL Goldfield Brokers Buy Greenwater Property

An important deal involving Greenwater property has just been made. Morton and Finnegan, local brokers, have purchased outright the Hausman group, at Greenwater, and have started a new company. The new organization is known as the Greenwater Copper Mines Syndicate, and its capitalization is 1,500,000 shares. L. S. Finnegan is President; Wells Morton, Secretary, and William Virgin, Treasurer.

The syndicate own five copper claims and the results, so far obtained, have been most encouraging, and it is expected that the property will develop into one of the most valuable in the district.

Big Mill to Start

The big plant of the Desert Power Milling and Mining Company will begin operation today, so it is reported. The Tonopah Mining Company will make the first shipment to the mill this morning. It is expected that from now on the 100 stamps will be kept in full operation. The new plant is said to be one of the most complete mills in the country.

Silver Glance.

The working force of this valuable mine has been increased and are now taking out some of the richest ore yet uncovered in this district.

Mr. George Hart, the superintendent, has the mine in a first class condition and believes in a few months the property will be paying dividends.

The property is situated one mile from the Hannapah.

Philippines Rapidly Learning

(By Associated Press.)
Honolulu, Oct. 23.—Former Governor General Ide, of the Philippines, arrived here today on his way to San Francisco. Speaking of the Philippines he said that they were rapidly learning the American methods in municipal affairs and the election of officers. He predicts that within ten years the Philippine Islands will be an integral part of the United States. Those remaining in opposition to the American authorities are a few religious fanatics.

PRODUCTION OF "THE CLANSMAN"

(By Associated Press.)
Philadelphia, Oct. 23.—The dramatization of Thomas Dixon's novel "The Clansman" which opened up here last night has been suppressed by an order from Mayor Weaver. This action was taken because of the hostile demonstration indulged in about the theatre last night, when several thousand negroes protested against the play. The drama deals with the reconstruction period in the South, following the close of the Civil war and is very strong.
The managers of the theatre have taken the matter to court.

STOCKS

Today was a very busy one on the San Francisco Board. Local securities were slightly lower. Goldfield stock were, for the most part, higher; Mohawk leading with the record price of \$7.00 per share. Bullfrog prices were about stationary, although a few properties showed a slight advance. Manhattan prices were slightly higher.

Emil Sutro, of the Emil Sutro Co., incorporated, has returned to Tonopah after several months' stay in New York. While there Mr. Sutro opened a branch office in the Broad Exchange Building 25 Broad street. Mr. Sutro says New York is Greenwater crazy.

The Pope is Very Ill

(By Associated Press.)
Rome, Oct. 24.—Plus X is suffering from a bad attack of gout and has been ordered to take a long rest and better care of himself. Ever since he assumed the office of Pope of the Catholic world his health has been none too strong and the recent difficulties in France have caused him much anxiety. He has said that he suffers more from this cause than by reason of physical pain.

Struck a Floating Mine

(By Associated Press.)
Vladivostok, Oct. 23.—By striking a floating mine, the Russian steamer Varagin, was sunk on Sunday. The passengers and crew of the steamer, sixty in all, were rescued by Chinese boats.

Base Ball Manager to be Dismissed.

Fresno, Oct. 23.—Mike Fisher, manager of the Fresno Base Ball Club, will be dismissed from the position tomorrow. Fisher was recently advised that his services as manager were no longer required, and he requested the privilege of resigning. This was granted, but Fisher later refused to resign. At the meeting of the directors tomorrow Captain Charlie Dorly will probably be selected to fill the vacancy.

McGovern and Corbett Matched

New York, Oct. 23.—Articles have been signed by Terry McGovern and young Corbett for a fight to take place the first week in January before the club offering the largest purse.

The Mizpah is prepared to supply in either wholesale or retail quantities. Meet & Chandon's famous White Seal Champagne; G. H. Mumm's Extra Dry or Pommery and Greno's Sec and Brut.

Greenwater Property Sold

Greenwater, Oct. 22.—Another important sale of Greenwater property was put through today.
Six claims of the Stewart group which adjoined the Greenwater and Death Valley property on the southwest were sold by Arthur Kunzle to Edgar T. Wallace, of New York, for the sum of \$100,000. Mr. Wallace heard of the Greenwater property while in New York and made all possible haste to get on the ground and see for himself. He arrived here last Thursday, and the papers closing the deal were signed today.

New Incorporation.

Greenwater, Oct. 22.—A company to be known as the Funeral Range Copper Company was incorporated today with following officers: President, Donald B. Gillies; Vice-President, Arthur Kunzle; Secretary and Treasurer, John Salisbury. Mr. A. C. Jones, a New York capitalist, is also interested.
The new company's holdings were formerly the Grand Central group of six claims and joined the United Greenwater properties.

Almost Cremated

The weakness for cigarettes almost resulted fatally for C. W. Watson, of Goldfield. Mr. Watson, who is quite a smoker, engaged a room in Reno. Before retiring he lighted a cigarette for a quiet smoke before journeying into the land of nod. The cares of the day were heavily upon him and he fell asleep. The cigarette fell from his mouth and in a minute the bed clothes were alight. The unnatural heat quickly brought Mr. Watson back to the land of the living and he lost no time in putting out the smouldering covers before any material damage was done.

Street Improvements

A large force of men are busily engaged removing the protruding stones from Main street and Broadway in accordance with a recent order issued by the county commissioners. The work is being done under the supervision of Judge Solomon, of Columbia. It is expected that the grading of Broadway will be commenced in very short time as the contract for the work has already been let.

Advertise in the BONANZA.

On Their Wedding Tour.

George W. Agnew, a brother of Walter J. Agnew, of the Nye and Ormsby County Bank, has arrived in Tonopah with his bride. Mr. Agnew was married in Oakland on Sunday evening to Miss Mildred Hoffman, daughter of Frank Hoffman of that city.

This is but a first stop of an extended honeymoon, and during their stay here Mr. Agnew and his wife will be the guest of Mr. Agnew's brother. While in Tonopah the bride and groom will look around and thoroughly familiarize themselves with the Nevada way.

Closing out at cost. Morris & Co. are offering their entire stock of ladies' ready made goods at cost. All goods must be sold. Morris & Co., Main Street.

Call at Esper & Bro. for women's and boys' hats and caps.
